AGENCE FRANÇAISE DE DÉVELOPPEMENT | FRENCH DEVELOPMENT AGENCY

PREZODE: PREventing Zoonotic Disease Emergence

- **One Planet Summit (Jan. 2021)** : Launch of the initiative

- **Goal**: Prevent animal pandemics, while ensuring biodiversity conservation, food security and the livelihoods of the most vulnerable communities.

- **Budget**: AFD Grant (« Africam Project ») = 30 M€ (10 M€ in 2022, 2023 and 2024)

- **2022 Project:**

- **Countries**: Senegal, Guinea, Cameroon, Madagascar and Cambodia
- **3 components**:
 1. Zoonotic disease emergence risk assessment;
 2. Definition of prevention strategies;
 3. Implementation of surveillance and early detection strategy

- **2023 and 2024 Projects**: Yet to be identified
